

Hope Light Haven - Organization Profile

About Us

Hope Light Haven is a daytime drop-in centre based in Nairobi, Kenya, dedicated to supporting individuals experiencing homelessness or at risk of losing their homes. Founded in 2022, our organization was born out of a deep belief that every person deserves dignity, compassion, and a path toward stability.

At Hope Light Haven, we provide a safe and welcoming space for those in need — offering not just shelter during the day, but meaningful support to rebuild lives. We believe in community, acceptance, and transformation, guiding our work through love, kindness, and practical care.

Mission Statement

To walk alongside individuals facing homelessness in Nairobi, offering compassionate support, practical resources, and a bridge to long-term stability.

Vision Statement

A city where every person experiencing homelessness or housing insecurity is met with dignity, empowered by community, and given an opportunity to restore their life.

Core Programs

1. Daytime Resource Centre

A welcoming space open daily where individuals can access basic needs: rest, hygiene facilities, meals, and counseling. Staffed by social workers and volunteers who help with referrals to housing, medical care, or job training.

2. Street Outreach & Connect

Trained outreach teams walk the streets of Nairobi's informal settlements, offering immediate support and connection to health and mental health services. Partnerships with local clinics and shelters ensure continuity of care for the most vulnerable.

3. Transitional Supportive Housing

We provide small transitional housing units for individuals who have been chronically homeless, coupled with case management. Through this program, residents receive life skills training, employment support, and regular check-ins to help them move into permanent housing.
